FIG. 7

A cross-sectional diagram of a cylindrical component. The left side features a textured, oval-shaped area labeled 41. The right side is a hatched rectangular area labeled 42. A central vertical line contains labels 46, 52, 47, 49, 48, 45, 51a, 51b, 51c, and 43, each connected by lines to specific points on the cylinder's surface.
